Letter of Recommendation

This letter of recommendation is provided to recognize the innovative work that is being offered by Corey Coleman, President/CEO of Imagogreen LLC of Richmond VA. Tri-County Community Action Agency partnered with Imagogreen in a job readiness training program for the Southside Virginia areas of Charlotte and Halifax Counties. The LEED training was a major component of the training that prepared program attendants for certification as a LEED Green Associate. One of our program participants was recently recognized in the local Gazette-Virginian as being the first in Halifax County to have passed the certification exam for LEED Green Associate (Leadership in Energy and Environmental Design).

Renewable energy and green building industries are quickly becoming one of the newest frontiers for energy conservation. Corey Coleman and his team are devoted to creating interactive renewable energy awareness courses and programs that will be a tremendous asset to any agency that is seeking to move forward in green technology. They focus on teaching the clean-tech trades hands-on and specialize in Solar Photovoltaic (PV) Training. The program was a tremendous success for the Tri-County Community Action collaborative and I'm sure it will be a valuable program to other agencies as well.

Thank you for providing me with this opportunity to share our assessment of the valuable work of Corey Coleman and the Imagogreen LLC organization. Please do not hesitate to call if you have questions or to discuss the training program offered at our agency.

Sincerely,

William J. Coleman
President/CEO

To Whom It May Concern:

This letter is given without reservation to confirm the training skills and abilities of Corey P. Coleman of Imago Green. Mr. Coleman has been certified as an authorized Workforce Training Agent for the State of Virginia. He has taught LEED courses at the Southern Virginia Higher Education Center. I had the opportunity to audit one class session and was impressed with the presentation, attentiveness of the class, the ease of understanding and ability to apply the course into a real world experience.

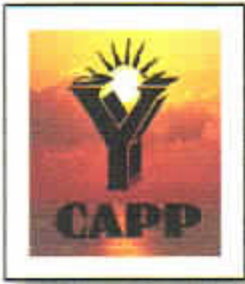

I would be happy to provide additional information about the training abilities of Mr. Coleman.

Sincerely,

COUNTY OF HALIFAX

George W. Nester, CM, AICP
County Administrator

Mr. Corey Coleman
IMAGO GREEN, LLC
P. O. Box 307
South Boston, VA 24592

Dear Mr. Coleman,

IMAGO GREEN, LLC was approved by the South Central Workforce Investment Board as a training vendor on January 21, 2010. I have sent your information to the state office for the website to be updated. That process may take a few weeks, however, our clients will be able to use your training program for Entry Level Training for LEED, Weatherization/Energy Efficiency and Solar Installer and be reimbursed by the Workforce Investment Act if approved by the case manager. The website for access to the state approved training vendor list is <https://www.vawc.virginia.gov>. Click on Training Providers listed beside Virginia Workforce Network box.

You may wish to contact the Senior Employment Specialist, Tiffany Dunaway, at 434-542-5605 if you would like to provide information concerning your training to the case managers at a case manager's meeting in the near future. We have 4 workforce centers in the 10 county area.

If I can be of further assistance, please let me know and we look forward to working with you.

Sincerely,

Debra Crowder
Executive Director

January 26, 2010

To Whom It May Concern:

This letter is written to confirm that Mr. Corey Coleman was approved as a Virginia Workforce Training Provider on January 21, 2010 by the South Central Virginia Workforce Investment Board. This training provider certification allows Mr. Coleman to offer course work training with entry level certification for LEED weatherization/energy efficiency and renewable energy. The course delivers two nationally recognized Green Training Certifications. Students will be eligible for LEED Green Associates Certification, NABCEP Solar PV Entry Level Installer Certification, and awareness of various other green certifications that can be obtained to achieve a career in the Green jobs fields.

If you have any questions, please do not hesitate to contact me.

Sincerely,

COUNTY OF HALIFAX
